PRESIDENT

LEADERSHIP BIO

## BACKGROUND

---

Tom has over 30 years of healthcare management experience, predominantly on the theme of applying analytics to drive alignment, accountability, and performance improvement in health systems.

Most recently, Tom was a Senior Vice President at MedeAnalytics as a member of their consulting practice. He also supported the company's product development and subject matter experts. Prior to joining MedeAnalytics, Tom worked at Ernst & Young, Mercy Health Services, and the Cleveland Clinic. In Executive Administration at the Cleveland Clinic for 18 years, Tom led provider-based initiatives to improve financial, operational, clinical, and patient experience outcomes. Sample net income improvements include:

- Nursing Premium Labor (\$5 million annually)
- Patient Access and Physician Productivity (\$10 million annually)
- Hospital Throughput & Capacity (\$25 million over three years)
- Receivables Improvements (\$85 million over three years)

Tom holds a Bachelor of Science in Engineering from the University of Michigan, and a Masters of Business Administration from Case Western Reserve University. He has presented to over two dozen national and international conferences and published several articles on the topic of using analytics to drive strategy and performance.
